BAD DATES TO AVOID IN YEAR 2008

The above calendar indicates the bad dates not to perform or carry out important activities. So, why am I showing you the bad dates instead of the good ones? The rational behind this is that if you are uncertain whether or not a date is good, at least you should be certain if it is bad. Auspicious dates like marriage, commencing business activities, traveling, etc, are very personal dates based on individual Bazhi, therefore, general bad dates are crucial if you do not know your personal auspicious dates. Remember, commencing an activity on an average date is always better than commencing an activity on a bad date.

General bad dates are dates that are overall not suitable to undertake import personal or business activities. These are dates that would not augur well for everyone. There are several dates in a year that are bad, today we will just show you three main categories.

- Year Breaker Days, 歲破日
- Month Breaker Days, 月破日
- No Wealth Days, 無祿日

Year Breaker Day, 歲破日

The Year Breaker Day is a day that goes against the Qi (氣) of the year and it is the first kind of general bad day that we want to avoid.

It is generally not beneficial to engage in important activities on a Year Breaker Day because this indicates you are commencing your activity or venture in opposition with the year resulting challenges, and niggling but minor problems for the project or event.

Month Breaker Day, 月破日

In addition to the Year Breaker Day, there is a Month Breaker day. This is the day where the energies of the day are in conflict or in opposition with the energies of the month. The month Breaker Day has amplified effects and is therefore considered a more dangerous day to use than a Year Breaker Day.

If you get married on a Month Breaker Day, generally the marriage is difficult and complicated and if the relationship runs into problems, it is very easy for marriage vows to be broken. If contractual document is signed on this day, then parties are likely to break their obligations. The contract is more likely to be already breached or broken at the point of signing. Businesses with the official opening ceremony carried out on this day, would find the business goes downhill faster.

No Wealth Day, 無祿日

These are the days that are considered negative for any activity that involves trading or wealth generation. Therefore, it is fine to arrange marriage on this day but not for signing contracts, closing business deals, business trips or official openings.

Note:

It is advised to consult a professional geomancer or a date selection expert to determine any personal auspicious date/s for important activities.
