2. Wealth Analysis - See if you are destined to be wealthy or not! And also discover what elements in your life are considered your wealth deities. This is important as you can indirectly induce wealth into your life.
3. Yearly Luck Periods - Knowing which of the years are good for you, allows you to take advantage of them. For example, if in Period 3 (Age 30) you are enjoying good luck, this would mean that should you have plans to start your own business, you will be able to do well etc. Or simply know when and how to improve your life.
4. Clashes, Harms, Health in your Elements - Clashes in your elements, allow you to know in advance any disaster that may befall you and thus prompt you to do something to prevent or reduce the bad influences.
5. Analysing your wealth, marriage, intelligence, relationship with your spouse, etc.

### **What information are needed when forecasting your destiny using the 8 Characters method?**

Accuracy of birth data is a pre-requisite to accurate life reading. Incorrect birth data will distort the readings. It is vital that one gives the exact information on the year, month, date and time of birth when consulting a geomancer. The forecast cannot be deduced if any of the components is lacking or wrong.

### **Working principles of Zi Ping Eight Characters**

In short, this life reading method focuses mainly on the birth time of the individual. It first observes the Heavenly Stems of the individual's birth time and herein after, deduces the Earthly Branches of the other Eight Characters, recognising its enhancing or conflicting relationships with the Heavenly Stems of the Day Pillar, the Yin Yang and the Five Elements (Wu Xing).

The individual's destiny, specialisation, character and health condition, etc, as well as the individual's past and future destiny can be decoded from the above information.

### **The use of the Solar Calendar**

Zi Ping astrology uses the Four Pillars as a base. In addition, this astrological system also applies the principles of the 24 solar terms. As such, the familiarisation of the solar calendar is necessary when mapping the Four Pillars of Destiny. The solar term Beginning of Spring (Lichun) marks the beginning of the year and the respective Jie of the month marks the turn of the month.
